

QUAIL LODGE ANNOUNCES THE ARRIVAL OF THE MAT-T GOLF SYSTEM

- The only golf course in the Northern California to feature this system

May 12 - CARMEL, CALIF – Quail Lodge Resort and Golf Club announces the arrival of the Motion Analysis Technology by Taylormade (MAT-T), the first resort in the Northern California to offer this system. The public is invited to view the system, along with other great TaylorMade products, during Demo Day on Saturday, May 30 from 9 am to 3 pm.

The MAT-T system is an extraordinary tool that elevates swing analysis and club fitting to a new level. Previously available only to PGA Tour professionals, the MAT-T system gathers vital swing information and statistics using multiple high-speed cameras. Using reflective markers placed on strategic parts of the body, the system creates a three-dimension image of the body and a remarkably sophisticated computer-animated image of the swing, viewable from any angle. MAT-T also executes a multitude of calculations and measurements to develop a data-driven personal club recommendation. The certified PGA instructional team will analyze the data to identify each golfer's specific needs with remarkable precision. The objective of club-fitting is to provide the player with the proper equipment to maximize their performance in all facets of their game: Driving, Long-Game, Irons, Wedges, Putter and Golf Ball.

After each fitting the golfer will receive custom-fit forms with recommendations of fit clubs, data sheets containing fitting data of each swing and a playable CD-ROM of each swing to be viewed at home or with an instructor. While equipment purchase is not required, those who purchase clubs at the time of fitting will receive customization at no additional cost. Post-fitting instruction is also available at a discounted rate.

Each full fitting session is two hours for \$300 per person. One-hour fittings are also available for \$200. For more information or to schedule an appointment please call (831) 620-8905 or email mattsystem@quailodge.com.
